Last newsletter of the year, can you believe it? This year has been packed full of memories and yet I can't believe it's almost over. Don't worry though, we are working on 2020's calendar and I'm already getting excited for what we have for you!

We have three final events coming up that I need to point out. Our holiday banquet is coming in just a couple weeks and if you are planning on attending, please RSVP! The

turkey is delicious and I want to make sure there is enough for everyone. Don't forget your food pantry item when you come! Our guest speaker that day will be Kim Meyer, Vinton Municipal Utilities board member. She will be sharing updates on the iVinton project and answering any questions you may have. We are hosting a travel show for Falling for New England. This is a great opportunity to hear from an expert about the area and what you will be experiencing next Fall. Finally, our trip to Texas is going to be closing soon and if you are interested in participating please let me know right away!!

The holidays can be a crazy time of year, go here, go there, shop, eat, shop some more... Instead of giving toys or "stuff", give time. Gift a date out with your grandchild: dinner at a restaurant of their choice, a painting class, join you on a HC trip, etc. Give something that builds memories, not just a toy that loses its glamour after 2 days and ends up in next years Goodwill pile. Time and love together will last longer. Until next year...

CIRCA 21 PRESENTS:

SATURDAY NIGHT FEVER!

MARCH 25, 2020

Tony Manero lives for the weekends when he and his friends go to the local disco and dance the night away. When a big dance competition is announced, he wrangles the beautiful and talented Stephanie to be his partner. As the two train for the big night, they start to fall for each other as well. Based on the 1977 movie phenomenon that launched the disco era and made John Travolta a household name, Saturday Night Fever features hit songs from the Bee Gees — such as “Stayin’ Alive,” “Disco Inferno,” and “How Deep Is Your Love” — and is one of the most successful movie sound tracks of all time, winning a 1979 Grammy for Album of the Year and staying on U.S. album chart until March 1980. The stage musical includes almost all of the songs from the original movie sound track, and the high-octane energy will bring you back to the time when disco was king!
