HERITAGE CLUB NEWS

NOVEMBER/DECEMBER 2020

“Are we there yet?” This is normally associated with traveling but more and more its hoping we have arrived in 2021! As much as we all wanted to gather together for events and travel with our friends, it will all have to wait until next year. For a year that flew by quickly, it has been a long year! With the holidays fast approaching, we have a new appreciation for things we took for granted. Things as simple as toilet paper (who knew?) or a hug, sitting side by side in church, or seeing someone smile. I pray this all returns and we can get back to living our lives, but not without a new found appreciation.

The future of travel and events will look very different and we want to make sure we are planning with everyone’s safety in mind. The first page of our newsletter is a survey we would love to have your input on. Please take some time to fill out. Those returned to us by the deadline will be entered into a drawing for VU bucks.

I’d like to let you all know that after five years as Heritage Club Director (almost eight years with the bank), I have resigned from my position. My last day is Saturday, November 14th. I have accepted a position as an office manager for Vinton Family Dental. I have learned so much throughout the years and grown personally and professionally with all the opportunities I have had as a Director. I will truly miss each and everyone of you and thank you all for your friendship and the many memories that I will cherish forever.

Until my position has been filled, any Heritage Club questions can be directed to Jessica Helms here at the Vinton branch. Cindy Blaine in Traer will be helping make sure things run smoothly. She has been my partner in crime these years and I will miss her dearly. You are in good hands. I hope to see your faces at the dental office or around town.

God Bless & Fond Farewells!

Melanie Davis

10 THINGS YOU CAN DO TO
AVOID FRAUD

Crooks use clever schemes to defraud millions of people every year. They often combine new technology with old tricks to get people to send money or give out personal information. Here are some practical tips to help you stay a step ahead.

1. **Spot imposters:** Scammers often pretend to be someone you trust, like a government official, a family member, a charity, or company you do business with. Don't send money or give out personal information in response to an unexpected request, whether it comes as a text, phone call, or an email.
2. **Do online searches:** Type a company or product name into your favorite search engine with words like "review", "complaint" or "scam". Or search for a phrase that describes your situation, like "IRS call". You can even search for phone numbers to see if other people have reported them as scams.
3. **Don't believe your caller ID:** Technology makes it easy for scammers to fake caller ID information, so the name and number you see aren't always real. If someone calls asking for money or personal information, hang up. If you think the caller might be telling the truth, call back to a number you know is genuine.
4. **Don't pay upfront for a promise.**
5. **Consider how you pay for purchases:** Credit cards have significant fraud protection built in, but some payment methods don't. Western Union, MoneyGram is risky because it's nearly impossible to get your money back.
6. **Talk to someone:** Before you do anything, talk to someone you trust. Con artists want you to make decisions in a hurry. They might even threaten you. Slow down, check the story out.
7. **Hang up on robocalls.**
8. **Be skeptical about free trial offers.**
9. **Don't deposit a check or wire money back:** If a check you deposit turns out to be fake, you're responsible for repaying.
10. **Sign up for free scam alerts from the FTC at: ftc.gov/scams.** Get the latest tips and advice about scams.
